

A Connection For Families & Agencies

**Resources for
North Dakota Families
with Young Children
Ages Birth – 8**

INTRODUCTION

About this Directory

This Directory is intended to give you a list of agencies, telephone, fax, toll free numbers and web sites for quick reference for services to children and families.

The purpose of the Directory is not to promote or endorse any special services, agency or organization. The goal is to provide information on existing programs, and how these programs may be contacted.

The Directory is a beginning of listing services for children and families in North Dakota. There are many volunteer organizations, churches, businesses and other entities, which offer services to children and families. It is impossible to list every organization in the state. However, if you note services which you think should be included, please contact the Head Start State Collaboration Office in Bismarck.

We live in a busy society with many pressures on professionals and families. The format for this Directory is to offer information which is easily accessible. It is also designed to be compact enough to carry in a brief case. We want this resource to be a quick reference when assistance is needed.

We hope the Directory will serve North Dakota families well!

Department of Human Services

Mission: The Department of Human Services provides quality and effective human Services that supports and improves the lives of people in need.

How We Accomplish Our Mission:

Providing human services requires a partnership between federal, state, and county governments, and private organizations and agencies. The department works with these partners as it pursues grants, develops state plans, shapes policy, and oversees partners as it pursues grants, develops state plans, shapes policy, and oversees program implementation. The department is responsible for ensuring that programs and services meet federal and state requirements. Eligible residents obtain services directly from the department's Human Service Centers, the State Hospital, the Developmental center, county social service agencies, and for non-profit and not-for-profit human service agencies and organizations.

Administers programs and policies, and provides direct services to residents through the following areas and division:

Office of Economic Assistance:

- * Child Support Enforcement
- * Energy and Nutrition (Food Stamps & Low Income Home Energy Assistance Program)
- * Medicaid
- * Public Assistance
- * Temporary Assistance for Needy Families (TANF)
- * Quality Control

Executive Office

Address: Child Support Enforcement Division

1600 E Century Ave.

PO Box 7190

Bismarck, ND 58507-7190

Website: www.childsupportnd.com

Description:

The division supervises the Child Support Enforcement program which is a joint effort of federal, state and county governments to secure support payments for children whose parents are not both in the home. The program provides services upon application of a custodial or noncustodial parent or upon referral from the TANF, Medicaid, or Foster Care programs. Its goals are threefold: to ensure that children are supported by their parents, to foster family responsibility, and to reduce the costs of welfare to the taxpayer. Services are available statewide, and through cooperation with other states and countries, nationally and internationally.

Services:

The Child Support Enforcement program provides the following services:

- Locates noncustodial parents
- Establishes paternity
- Establishes court-ordered child support and medical support
- Enforces child support and medical support obligations
- Periodically reviews and adjusts child support obligations

These services are primarily provided by the eight Regional Child Support Enforcement Units, which are administered at the county level.

Address: Medical Services Division
North Dakota Department of Human Services
600 E. Boulevard Ave., Dept. 325
Bismarck, ND 58505-0250

Description:

Medical Services, also known as Medicaid, was authorized in 1966 for the purpose of extending medical care and services to people who resources are limited. Corrective, preventative, and rehabilitative medical services are provided to eligible elderly, blind, or disabled individuals, caretaker relatives, and children through age 21.

We serve: (Medicaid provides coverage to individuals and families who meet Medicaid eligibility guidelines.)

- Recipients of financial assistance (TANF or Supplemental Security Income – SSI)
- Aged, blind, or disabled individuals with low incomes
- Families with low incomes
- Elderly persons in mental institutions
- Individuals under age 21 in the state mental institution
- Certain adopted children and individuals under age 21 in foster homes
- Individuals under age 21 with insufficient income to meet medical needs
- Pregnant women and their infants (to age six)
- Children, age six through 18
- Qualified Medicare beneficiaries
- Qualified disabled and working individuals

Services:

Provides funding based on Medicaid guidelines for in-patient and out-patient hospital services, nursing facility care, clinic and rural health clinic services, hospice, physical services, prescription drugs, chiropractic services, Health Tracks (EPSDT), home health, durable medical equipment and supplies, dental, family planning, sterilization, podiatry, mental health, ambulance, transportation, vision, therapies, home and community-based services, and traumatic brain injury services.

- Note: This is a general listing, some services have limitations and/or restrictions. You may contact your local county social services office if you need help with individual services.

Office of Economic Assistance

Public Assistance Division/TANF Division

Phone: 328-2332

ND Toll Free: 1-800-755-2716

TTY: 1-800-366-6888

Address: Public Assistance Division/TANF Division

North Dakota Department of Human Services

600 East Boulevard Ave., Dept. 325

Bismarck, ND 58505-0269

Description:

The Public Assistance Division and the Training, Education, Employment and Management (TANF) Division administer the welfare reform program known as Temporary Assistance to Needy Families (TANF). TANF provides cash benefits to families which include minor dependent children and who lack the resources to meet their most basic needs. While federal block grant funding gives states flexibility, states are required to increase the work rate for adults on assistance. The federal government has imposed life-time limits on assistance.

TANF funding supports employment readiness, work activities, and support services such as transportation and relocation assistance. The TANF Division is also responsible for the Child Care Assistance Program and the Job Opportunities and Basic Skills (JOBS) program which complement TANF.

Public Assistance Division staff is responsible for Refugee Cash Assistance and the Basic Care Assistance Program. Basic care assistance aides people age 18 and older who are blind and disabled, & who need the services provided by a licensed basic care facility.

Staff within this division also serve on the State Review Team which determines incapacity and disability, or exemption (due to physical or mental impairments) from work. Estates are monitored and appropriate claims are developed for recovery of past assistance expended on behalf of recipients.

Individuals can apply for these programs through county social service board offices. The department contracts with providers for work readiness and other services.

Services:

Public Assistance Division

- * Assists the aged, blind & disabled with the costs of basic care services
- * Provides functional assessments through the State Review Team
- * Works to recover incorrectly issued benefits for assistance program

TANF Division

- * Provides cash assistance
- * Provides employment or training services & assists with vocational & secondary education
- * Conducts assessment for referrals to other providers for additional services
- * Pays for Child Care

Aging Services Division

Phone: 328-4601

TDD: 328-8968

ND Senior Info-line: 1-800-451-8693

Address: Aging Services Division

North Dakota Department of Human Services

600 East Blvd Ave Dept 325

Bismarck, 58505

Description:

This division administers programs and services for older individuals and people with physical disabilities. The underlying purpose of these state and federally funded programs is to enhance the ability of these individuals to maintain as much independence as possible and to remain in their homes and communities. Home and community-based services reduce reliance on institutional care by offering quality services in an alternative setting.

We serve: Older individuals and persons with physical disabilities benefit from our services.

Services:

- Adaptive Equipment Assessment
- Adult Care
- Adult Family Foster Care
- Case Management for home and community based services
- Chore Services
- Congregate and Home-Delivered Meals
- Emergency Response System
- Family Home Care
- Health Maintenance
- Homemaker Services
- Information and Assistance
- Injury Prevention Services
- Legal Services
- Non-Medical Transportation
- Ombudsman Services

- Personal Care Services
- Respite Care
- Senior Companion Services
- Transportation

Children's Special Health Services (CSHC)

Caring for Kids with Chronic illnesses and disabilities

Phone: 328-2436

TDD: 328-8968

ND Toll Free 1-800-755-2714

Address: Children's Special Health Services

State Capitol, 600 E. Boulevard Ave., Dept. 325

Bismarck, 58505-0269

Services:

- Provides outreach, information and referral services to promote access to quality care
- Pays for specialist consultations and diagnostic tests to identify disabling or chronic conditions early
- Pays for the specialty care to treat medically eligible conditions
- Coordinates and supports multidisciplinary clinics and services for children with select conditions
- Supports essential public health services to improve the health of North Dakotans
- Provides technical assistance and financial support to enhance systems of care.

Services are available statewide. They are provided through partnerships with families, county social service staff, medical specialists, public health professionals and other providers.

The purpose of the Children's Special Health Services Division is to provide services for children with special health care needs and their families and promote family-centered, community-based, coordinated services and systems of health care. Though CSHS exercises discretion in defining the population eligible for services, the following programs address many of the needs experienced by children and their families:

Multi-disciplinary clinics for children that are offered across the state include:

- * Attention Deficit Hyperactivity Disorder
- * Cardiac Care for Children Program
- * Cerebral Palsy
- * Child Abuse Assessment clinic
- * Cleft Palate/Palate clinic
- * Cystic Fibrosis
- * Diabetes
- * Diabetes Youth Outreach clinic

(Disability Services Division)

Address: Disability Services Division
North Dakota Department of Human Services
Developmental Disabilities Suite 1A
Vocational Rehabilitation Suite 1B
1237 West Divide Ave
Bismarck, 58501

Description:

The Disability Services Division includes a developmental disabilities unit and a vocational rehabilitation unit. The division is responsible for policy and program development, oversight, and delivery of service in these two areas. Developmental disabilities staff arrange for support and training for individuals and their families. Vocational rehabilitation staff assist people with disabilities to obtain employment and provide rehabilitation services to increase their independence.

We Serve: Individuals with all types of disabilities including: mental retardation or closely related conditions, developmental disabilities, physical disabilities, mental illness, learning disabilities, traumatic brain injury, or sensory deficits (severe Hearing or vision impairments).

Services:

- Adult day service

Services

North Dakota Department of Human Services

1237 West Divide Ave

Suite 1C

Bismarck, ND 58501

Description:

The Division of Mental Health and Substance Abuse Services provides leadership in the planning, development, and oversight of systems of care of children, adults, and families affected by severe emotional disorders, mental illnesses, or substance abuse.

We Serve: Human Service Centers, the State Hospital, other agencies and organizations, and state residents through technical assistance and consultation.

Services:

- Develops mental health and substance abuse programs and policies for North Dakota
- Serves as a liaison between the federal government, state/local entities, and residents
- Conducts planning and research
- Works to secure and administer grants
- Licenses residential treatment centers and alcohol and other drug treatment programs
- Administers the Governor's portion of the Safe and Drug Free Schools and Communities Act which furnishes grants or contracts to entities that provide drug and violence prevention.

Agency Information

Family Voices: A national grassroots network of families and friends speaking on Behalf of children with special health needs. We believe:

- All children deserve quality health care
- Families and professionals have an expert understanding of what works and what doesn't work within current health systems.
- Health systems built upon a set of tested principals and practices that flow from This expertise can improve the health status of all children and families

Principles:

1. Families are the core of any health system. All families including those who have children with special health needs are the primary caregivers and educators for their children. They should be respected & valued for their expertise and commitment to their children. Services should be family centered.
2. Universal Access: For our children to be healthy, it must guarantee unconditional access to quality primary and specialty health care at a reasonable price regardless of health, income, employment, location, pre-existing condition or prior utilization of services.
3. Flexibility: A health system must provide effective, flexible services that are guided by medical and family needs, rather than by the policies of standard medical insurance practices.
4. Comprehensive, coordinated, community-based care: Quality health care means a coordinated system of comprehensive services – preventions, screening, diagnosis etc. all available as close to family's home s possible.
5. Family-professional partnership: Outcomes improve when families and professionals make decisions jointly respecting talents and resources that each brings to the care of the child with special health needs.
6. Cost effectiveness: By focusing on outcomes, allowing families choice and strengthening the role of the family costs can be reduced. The elimination of duplication, unnecessary paperwork and administration overhead also reduced costs. As families we practice cost containment every day.
7. Quality assurance: Working as partners and remembering these principles families and health professionals must regularly review and provide feedback on health-care financing and delivery.

Grand Forks, ND 58202-9037

Provides:

- Families benefit from a supportive relationship which allows them to reflect on significance of the changes in their lives and expectations brought about by the news of their child's disability or illness. Veteran families listen with a sensitivity that results from their similar experiences.
- Veterans Families offer emotional support and help with immediate family challenges.
- Families benefit from assistance to cope with stress resulting from a disability or chronic illness within the family.
- Families should have access to information and resources to promote a child's ability to grow, learn and develop to his/her fullest potential.

Also promotes activities to enhance family support services within the state. This may include:

- Participation of families as family liaisons, community representatives and co-presenters for training workshops.
- Collaboration with other agencies to promote training on the IEP/Transition process that is family-centered and which reflects the perspectives of the family.
- Provision of training to child care providers to enhance access families and children with disabilities have to child care.
- Promotion of activities that will facilitate Child Find efforts in individual special education units.
- Provide informational support through family workshops to enhance families abilities to advocate for appropriate services, navigate the educational and/or medical systems and secure services across the lifespan.
- Support for educational personnel by promoting family/professional collaborative workshop presentations.

Federation of Families for Children's Mental Health

A state and national parent-run organization focused on the needs of children and youth with emotional, behavioral and mental disorders and their families.

The Federation's Mission:

- To provide leadership in the field of children's mental health and develop necessary human and financial resources to meet its goals.
- To address the unique needs of children and youth with emotional and behavioral, or mental disorders from birth through transition to adulthood.
- To ensure the rights to full citizenship, support and access to community-based services for all children and youth with emotional, behavioral, or mental disorders and their families.

Protection & Advocacy Project

Agency Information:

The Protection & Advocacy Project is a state agency whose purpose is to advocate for, and protect the right of people with disabilities. The Project has programs to serve people with developmental disabilities, mental illnesses and other types of disabilities. The core services provided are: information and referral, technical assistance, education and training, systems advocacy, case advocacy and protective services. These programs and services are free to eligible individuals. The project has offices in the eight major cities in North Dakota. For more information contact the Protection & Advocacy Project administrative office at 701-328-2950 or 1-800-472-2670 or 1-800-366-6888 (TDD Relay). The Protection and Advocacy Project is a state agency whose purpose is to advocate for and protect the legal rights of people with disabilities. The Protection and Advocacy Project can give you information about your rights and what can be done to enhance those rights.

- **Information and Referral.** We can provide you with the information or materials you need to resolve your concern, or refer you to other agencies or individuals who can help you.
- **Technical Assistance.** Our staff can assist you in resolving your concern by reviewing options, discussing strategies, and making recommendations.
- **Education and Training.** Our staff can provide you and others with training to assist you in advocating for your legal rights, or materials designed to promote an awareness of your rights.
- **Systems Advocacy.** Systems Advocacy is the process of promoting change which will benefit people with disabilities. Our staff can promote positive change through legislation, and education efforts.
- **Case Advocacy.** Our staff can represent you if you are having difficulty accessing your rights or services through legal, administrative, or other appropriate remedies.
- **Protective Services.** We can investigate allegations of abuse, neglect, and exploitation and arrange for appropriate services as necessary.

Child Care Resource and Referral Network

North Dakota's eight Child Care Resource and Referral offices are ready to assist families, child care professionals and communities address their child care issues. We invite you to contact us to begin to explore solutions to make child care available, affordable and good for children.

Mandan, ND 58854-7206

Caring for a person with a disability or special needs is a large responsibility for a family; but, families don't have to care for their family member alone. Easter Seals Goodwill ND, Inc. can help. This statewide organization offers a wide range of programs and services for people with certified and trained support staff who can provide both personal care and medical services for people with disabilities or other special needs who are living at home and who, with some help, and remain there. **Family Support Services** is designed to provide "relief" care for family members who may need to take some time away from their responsibilities as primary caregiver. **Family Support Services** can be used for a few hours a week, perhaps overnight, or for an entire weekend. Family members may also choose to stay home while the service is provided. Easter Seals Goodwill provides both persons who are medically involved and require specialized medical care. The D.D. case managers at the eight regional human services centers authorize the hours of service for persons with disabilities.

CRISND

The customer Resource Information System for North Dakota (CRISND) is a directory of employment and training programs and services available in North Dakota. The site contains informative descriptions on local and statewide programs and services offered, eligibility requirements, application procedures and contact information. Basic information on resources available in your community or across North Dakota is here for you.

CRIS includes programs and services offered by the mandatory partners named in the Workforce Investment Act. These partners work together to better serve those in need of employment, training, resources, and supportive services.

CRIS is available for:

- Persons searching for employment and training programs
- Professionals researching referral options for a client
- Parent looking for family assistance
- Young adults looking for educational information or community support

North Dakota Head Start State Collaboration Office
Head Start Services
North Dakota Head Start and Early Head Start Programs
American Indian Head Start and Early Head Start Programs

North Dakota Head Start State Collaboration Office

In 1996, North Dakota received a Head Start-State Collaboration Project grant, funded by the U.S. Department of Health and Human Services, Administration on Children and Families. The North Dakota Head Start-State Collaboration Office is located in the Department of Human Services, Children and Family Services Division.

The purpose of the Head Start-State Collaboration Project is to create a visible presence at the state level which can assist in the development of significant multi-agency and public-private partnerships between Head Start and entities carrying out programs serving low-income families.

The Head Start State Collaboration Office focuses primarily on child care, healthcare, education and welfare. The vision is one of a tightly woven blanket of support, comprised of programs serving children and families, that cover the state. The establishment of this support has been initiated through a partnership between Head Start and the State of North Dakota through the hiring of a Head Start Collaboration Administrator. This partnership allows Head Start to better meet the increasingly complex, intertwined and difficult challenges of improving long-term outcomes for low-income children and their families.

The overall goals of the Collaboration Office are to:

1. Collaborate with existing public and private agencies and organizations that serve children and families.
2. Promote and support accessible high quality early care and education services for children, with or without disabilities, in Head Start programs and child care.
3. Promote access to healthcare services for Head Start families throughout the state.
4. Develop a public awareness campaign, which will inform public officials, business leaders, and general citizenry of the social, economic and educational benefits of head Start and quality care of children.
5. Evaluate procedures and policies for accessing health, employment, education, child care and social services and assist in developing barrier-free policies for families.

Head Start Collaboration Project Background

The Federally stated purpose of the North Dakota Head Start Collaboration Project is to:

1. Help build early childhood systems and access to comprehensive services and support for all low-income children.
2. Encourage widespread collaboration between Head Start and other appropriate programs, services and initiatives and augment Head Start's capacity to be a partner in state initiatives on behalf of children and their families; and
3. Facilitate the involvement of Head Start in the development of State policies, plans, processes, and decisions affecting the Head Start target population and other low-income families.

Head Start-State Collaboration Projects are charged with addressing nine priority areas:

- * Child Care
- * Education
- * Community Service
- * Children with Disabilities
- * Professional Development
- * Health Care
- * Welfare
- * Family Literacy
- * Homelessness

Head Start

Head Start and Early Head Start are comprehensive child development programs, serving children from birth to five, expectant mothers and families. The overall goal is to increase the social competence of children in low-income families and children with disabilities, and improve the chance of success in school.

Health Services

Head Start ensures that all enrolled children have timely immunizations and screenings for cognitive development, speech and language, hearing, vision, and dental health exams and services. Referrals are provided when necessary.

Education Services

A variety of learning experiences enhance the intellectual, social and emotional growth of a child. A focus is placed on the community's ethnic and cultural characteristics. Head Start is committed to individuals with the child. At least 10% of the enrollment is available to children with disabilities.

Social Services

Information about available community resources and how to obtain and use these resources is given to families. Staff works individually with each family to assist the family in assessing their own needs and providing services to meet their needs. Head Start empowers the family to help themselves.

Parent Involvement

Parents are involved in Head Start through parent education classes, program planning and operating activities. Parents serve on the program's Policy Council and committees, volunteer in the classroom, receive training and financial support for continued education. Parent involvement is a key to Head Start's success recognizing parents as the most important influence on a child's development.

Parent and Staff Training Opportunities

Parents and staff are provided with regular training and technical assistance. This improves job performance and provides opportunities for career advancement.

Head Start is a federally funded program under the Administration for Children and Families (ACF), under the Department of Health and Human Services (DHHS). The American Indian Programs are managed by the American Indian Program Branch of the Head Start Bureau in Washington, DC.

Community Action

Statewide Programs
Community Action Agencies

Services of Community Action

Act as a liaison to the following entities:

- North Dakota Division of Community Services
- Federal, state and local legislators
- National Association of Community Action Agencies and National Community Action Foundation
- Other human service organizations, groups, providers and coalitions

Monitor State and Federal legislation pertaining to low-income households

Serve as an advocate and educator to low income needs within the state

Plan and implement statewide NDCAA conferences, workshops and other forms of staff and organizational training. Serve as a clearinghouse for Community Action Agencies

Conduct a uniform statewide needs assessment. Analyze results and identify avenues to address needs

Develop and participate in projects that empower low-income citizens to become self reliant

Statewide Programs Offered by Community Action Agencies

Energy Assistance Programs

Energy Share of North Dakota:

A cooperative effort of CAAs in North Dakota, utility companies and private donors to assist situations and when all other resources have been exhausted.

Weatherization:

Provides energy conservation services to low-income households to make their homes more energy efficient. Services include insulation; caulking; water heater jackets; pipe insulation; replacing broken windows and doors; and other measures to reduce energy consumption.

Emergency Furnace Repair & Replacement:

Assists households with repair and replacement of unsafe heating systems. Clients must be eligible for Fuel Assistance Program and may be required to contribute a co-payment.

Cooling Program:

Window air-conditioning units are provided to households with a verified medical need. Households must be eligible for the Fuel Assistance Program and provide verification of a medical need.

Residential Energy Efficiency Program:

Individuals are provided with information, techniques and materials on decreasing energy use; lowering energy bills; and increasing the level of comfort in their homes.

Emergency Services:

Funds are provided to income eligible individuals and families needing assistance with first month or past due rent, mortgage assistance, utilities, security and utility deposits, utility disconnect notices, prescriptions, medical needs, and transportation (specific services vary among agencies.)

Energy Share of North Dakota:

A non-profit voluntary program to assist fellow North Dakotans with emergency home energy needs. Energy Share funds focus on emergency bill obligations not covered by other assistance programs.

Energy Assistance Programs – continued

Self Reliance Program:

Comprehensive one-to-one mentorship program. Clients and Certified Family Development Specialists collaborate to: 1) identify and overcome barriers; 2) meet basic needs; 3) improve decision making; 4) identify skills and values; 5) explore career choices; 6) gain employment seeking skills; and 7) establish long and short-term goals.

Homebuyer Education:

A cooperative effort between CAAs, lenders, realtors and other housing providers. Free workshops provide information on the home buying process; renting vs. owning, post purchase considerations and other pertinent topics.

Food & Nutrition:

Numerous food pantries are administered and supported by CAAs across the state. Many CAAs house food pantries with their agencies and/or have established pantries throughout their regions. The Emergency Food Assistance Program provides surplus food commodities to food pantries, soup kitchens and homeless shelters.

Housing services

Community Housing Development Organizations (CDHO):

CAAs are non-profit developers of affordable housing for low-income individuals can assist with acquisition and rehabilitation of existing rental housing; rehab of existing rental housing owned by another entity; construction of new rental housing; acquisition and rehab of existing housing for sale of first time homebuyers; and building new housing for sale to first-time homebuyers.

Homeownership Acquisition & Rehab Program (HARP):

Aids low-income households with stable income and good credit rating to purchase, rehab and own housing. A joint effort of the North Dakota Housing Finance Agency & CAAs.

Home/Owner Occupied Rehabilitation:

Intended to preserve and extend the life of existing housing in North Dakota. The goal is to provide assistance to low and moderate income homeowners in maintaining their homes as safe, sanitary dwellings. Priorities include correcting structural deficiencies, meeting code standards, weatherization and general home improvements.

Housing Counseling:

Certified housing counselors provide counseling services to homeowners, homebuyers, & renters. Individuals are assisted with improving housing conditions & meeting the responsibilities of home ownership and tenancy.

NDSU Extension Service

NDSU Extension Service Programs
NDSU Extension Service County Offices

North Dakota State University Extension Service

Programs Offered:

Building Strong Families

Building family strengths and relationships are offered through a variety of educational programs.

Parent Education

A variety of tools and resources are available that are useful for families as children move through the ages and stages of growth and development. Positive practices that facilitate healthy cognitive and social development of children and prevention strategies for adolescents in alcohol, tobacco and other drug (ATOD) are available through educational programs.

Rural Families in Transition

Training is available for rural families to identify and manage stress, assist in improved communication and decision making about life challenges, and identifying resources for coping with family and economic challenges.

Managing Anger and Stress

Training is offered in stress and anger management skills, knowledge about healthy living practices and how physical, emotional, social, and economic health can be improved.

Nutrition – Children and Adults

Increasing knowledge of the importance of a varied diet and moderate physical activity in reducing the risk of chronic diseases.

Food Safety

Provides safe food handling for all consumers to reduce the risk of food-borne illness outbreaks.

Expanded Food and Nutrition Education Program (EFNEP)

Sessions are offered in nutrition education, menu planning, food safety, food budgeting, and food selection.

North Dakota State University Extension Programs – continued

Family Nutrition Program

Assist food stamp participants to acquire knowledge, skills, attitudes, and changed behavior for maximizing resources to achieve nutritionally sound diets.

4-H Youth Development

Gives youth meaningful opportunities to be involved in family, school, and community to develop skills and confidence to become productive, caring adults who contribute positively to society. Experiential learning in healthy life styles, preparing for careers, developing communication and social skills, and community involvement provide the education and development of these life skills. 4-H is a vital component of NDSU Extension Service.

Assist Building: Creating Caring Competent Youth

Program includes appropriate healthy life choices, learning to resolve conflict, understanding other peoples of the world, the earth and its environment, learning how to be responsible citizens of society, and holding themselves accountable for conduct that reflects caring, citizenship, fairness, respect, responsibility and trustworthiness.

Program Management: Meeting the Needs of the Community Club

A large variety of ways for training, resource management, reporting procedures, and promotional literature, presentations, evaluations, volunteer programs, communications, ethnic diversity and outdoor skills.

Youth, Adult, Community Development: Safe, Health Engaged Youth

Various tools and methods provide programs and assist the community with surveys/assessments, youth leadership materials, character education, training youth mentors, and exploring the learning center concepts in communities.

Farm Financial Management

Workshops are available to improve record keeping and understanding of basic financial statements to better evaluate the current financial situation and for future planning options. Financial management software is used increasing computer literacy.

Income Tax Management

Provides opportunity for farmers to better understand recent tax legislation and interpretation which impacts management decisions that increase future “after-tax” financial well being.

North Dakota State University Extension Service Programs – continued

Financial Decision Making

Youth and adults of all age lack financial literacy. Training is offered to review personal debt bankruptcies, lack of emergency savings, and failure to attain financial goals such as a secure retirement plan. Financial stress affects productivity in the workplace.

Specific Farm Programs

A wide range of specific training is available in programs focusing in forestry, grazing lands, livestock waste management, pesticides and our environment, soil and water management, eater quality protection, wildlife, beef cattle, alliances and partnerships, managing risk and profit, land economics, agribusiness, and reaching limited resource audiences.

Most County office of the NDSU Extension Service are located in the county courthouse.

- The Expanded Food and Nutrition Education Program (EFNEP) increases the adequacy of the diets of low-income families and children. Education programs focus on selecting and buying foods, managing resources, and learning better practices of food storage, safety and preparation.
- The Family Nutrition Program (FNP) helps Food Stamp recipients learn to budget their family resources plus basic food and nutrition knowledge and skills.

Professional Associations

Note: The listing below represents a few associations that early childhood professionals might find helpful for furthering their own professional development and knowledge about critical issues in the industry.

Descriptions

Name of Association: National Association for Child Care Professionals (NACCP)

NACCP is the nation's leader among associations serving child care owners, directors, and administrators. The organization's goal is to improve, enhance and strengthen the credibility of the people who lead the child care industry by providing membership services and benefits.

Telephone: 1-540-382-5819

Toll Free: 1-800-537-1118

Website: <http://www.naccp.org>

Name of Association: National Association of Child Care Resource and Referral Agencies (NACCRRRA)

NACCRRRA is a non-profit organization dedicated to providing the most up-to-date and useful information to parents child care, child care professionals, NACCRRRA members, and child care advocates.

Telephone: 1-703-341-4100

Fax: 1-703-241-4101
